Dear Mayor Fougere,

**Re: Moose Jaw - Regina Industrial Corridor Stakeholders Committee**

I am writing on behalf of the Moose Jaw - Regina Industrial Corridor Stakeholders Committee, which has been very active for the past two years. We have seen changes on the committee due to the recent municipal elections. We want to continue to move forward with the work and goals of our group. At our last meeting, held on December 13, 2012, Jill Beck, Manager of Long Range Planning, City of Regina, provided us with what we believe will become the new vision statement in our Terms of Reference document. It is: "To achieve sustainable growth and economic development for the benefit of all communities within the region."

A resolution was passed at this meeting requesting that the City of Regina appoint new representatives to the committee (comprising of one elected official and one alternate elected official). This request is due to the recent municipal election and in accordance with our Terms of Reference and Memorandum of Agreement.

We look forward to continued City participation. Please send the appointee information to my attention.

Sincerely,

Carolynn Meadows  
Acting Secretary, Moose Jaw - Regina Industrial Corridor Stakeholders Committee
