### CPAC12-6 Year-End Crime Statistics Comparison 2002-2011

---

A report dated March 19, 2012 from the Chief of Police read as follows:

#### RECOMMENDATION

Receive and file.

#### CONCLUSION

There were 2.9% fewer police-reported crimes in Regina in 2011 than in 2010 and 27.1% fewer than in 2002. Reductions in total crime are historically driven by reductions in Crimes Against Property. However, the consistent reductions in Crimes Against Property experienced in Regina in recent years stalled in 2011 due to increases in Theft and Break and Enter. Instead, it was a 6.3% decrease in Crimes Against the Person that substantially

contributed to Regina having its lowest reported crime level in thirty years. A change to reporting processes for some traffic occurrences has also contributed to reductions in Criminal Code offences.

## BACKGROUND

Twice each year, once at mid-year and once at year-end, the Regina Police Service provides an analysis of reported crime in Regina over the previous ten-year period. This report compares data compiled from January 1 to December 31 for the period of 2002 through 2011. The report is being forwarded to the Crime Prevention Advisory Committee for information purposes.

Measuring crime statistics over time is effective for identifying trends. Data is gathered in the same manner each year to ensure the analysis is reliable. Absolute crime counts, rather than crime rates or crime severity, are the basis of this analysis.

These statistics are not intended for comparison with other jurisdictions that may use different methodologies or have different reporting criteria.

## DISCUSSION

### *Total Crime<sup>1</sup>*

There was 2.9% less total reported crime in 2011 than in 2010 and 27.1% less than in 2002.

### Crimes Against the Person

The total number of reported Crimes Against the Person decreased by 6.3% from 2010 and by 12.8% from 2002.

<sup>1</sup> Total reported crime includes Crimes Against the Person, Crimes Against Property, Other Criminal Code Violations, Criminal Code Traffic Violations, and the Controlled Drugs & Substances Act.

There were 7 Homicides and 5 Attempted Murders in 2011. The average number of Homicides per year over this ten-year period was 7.5 and the average number of Attempted Murders was 12.8.

Total reported Assault<sup>2</sup> decreased by 4.6% from 2010 (with decreases in each type of assault) and by 9.2% from 2002.

<sup>2</sup> Assault 1, or common assault, occurs when one person applies force or threatens to apply force to another person. This may include gestures, physical pushing or a threatening act and often results in little to no physical harm to the victim. Assault 2, or assault with a weapon or causing injury, occurs when there is an injury to the victim either caused by force of another person or the result of a weapon. Assault 3, or aggravated assault, is the most severe type of assault which causes serious injury to the victim that may endanger their life.

The total number of Sexual Offences was essentially unchanged from 2010. Sexual Assault<sup>3</sup> decreased by 6.9% from 2010 and by 39.6% from 2002 and were the least reported in the previous ten years. Conversely, there were more reported Other Sexual Crimes<sup>4</sup> in 2011 than in previous years, primarily due to an increase in sexual interference occurrences.

There was a 20.6% decrease in Robbery from 2010 and a 16.1% decrease from 2002. Developing strategies to sustain reductions in Street Robbery is a goal in the 2011-2014 Strategic Plan.

<sup>3</sup> The crime category Sexual Assault includes Sexual Assault, Sexual Assault with a Weapon, and Aggravated Sexual Assault.

<sup>4</sup> The crime category Other Sexual Crime includes (though this is not an exhaustive list): Sexual Interference, Invitation to Sexual Touching, Luring a Child via a Computer, and Voyeurism.

The 9 occurrences of Kidnapping / Forcible Confinement were the lowest amount in the past ten years, well below the average of 25.7.

Conversely, the 52 occurrences of Criminal Harassment / Stalking were the highest amount in the past ten years, well above the average of 34.8. This can partially be attributed to proactive investigative work by the Regina Police Service Domestic Violence Coordinator who, since 2006, has focused on repeat domestic incidents. When appropriate, the Domestic Violence Coordinator works with the victim and Family Services Regina to lay charges of Criminal Harassment / Stalking in attempts to protect victims from further abuse.

### Crimes Against Property

The number of reported Crimes Against Property was essentially unchanged from 2010 with a 0.3% decrease, though there has been a decrease of 38.1% since 2002.

There was a 12.6% decrease in Motor Vehicle Theft from 2010 and 63.2% from 2002. This trend in part demonstrates the continued success of the Regina Auto Theft Strategy.

After seven consecutive years of annual decreases in reported Theft<sup>5</sup>, there was an increase of 8.4% from 2010. There has been an overall decrease of 31.5% since 2002.

<sup>5</sup> Theft includes Theft Over/Under \$5,000, Shoplifting Over/Under \$5,000, and Theft From Auto Over/Under \$5,000.

Total Break and Enter occurrences increased by 8.2% from 2010, with increases in each structural category. There were, however, 54.5% fewer Break and Enters than in 2002, due in part to a reduction strategy modeled after the Regina Auto Theft Strategy.

There were 12.0% fewer incidents of reported Mischief / Willful Damage than in 2010 and a 20.0% reduction since 2002. There were 350 incidents of Graffiti (a sub-category of Mischief) in 2011, essentially unchanged from the 348 in 2010. Incidents of Graffiti accounted for 13.0% of all Mischief incidents in 2011.

The 56 Arson occurrences in 2011 were well below the ten-year average of 81.7.

### Other Criminal Code Violations

There were 2.8% fewer Other Criminal Code<sup>6</sup> occurrences than in 2010 but 15.8% more than in 2002. The spike in 2004 was due to a high number of Counterfeiting Currency occurrences.

Procedural violations make up a large portion of Other Criminal Code violations. Breach of Probation, Fail to Attend Court, and Bail Violations combined to account for 88.4% of all Other Criminal Code violations in 2011.

<sup>6</sup> The crime category Other Criminal Code Violations includes: procedural violations, offensive weapons violations, prostitution, counterfeiting currency, and gaming and betting.

There were 16.0% more occurrences of Prostitution than in 2010 and 24.2% fewer than in 2002.

### Controlled Drugs & Substances Act (CDSA) & Traffic

There were 12.5% more occurrences under the CDSA than in 2010 and 137.4% more than in 2002. The increase in CDSA occurrences from 2004 to 2005 was related to the creation of a Special Enforcement Team (SET) and, shortly after, the Combined Forces Special Enforcement Unit (CFSEU), as well as organizational restructuring in the Regina Police Service's Criminal Investigation Division (CID).

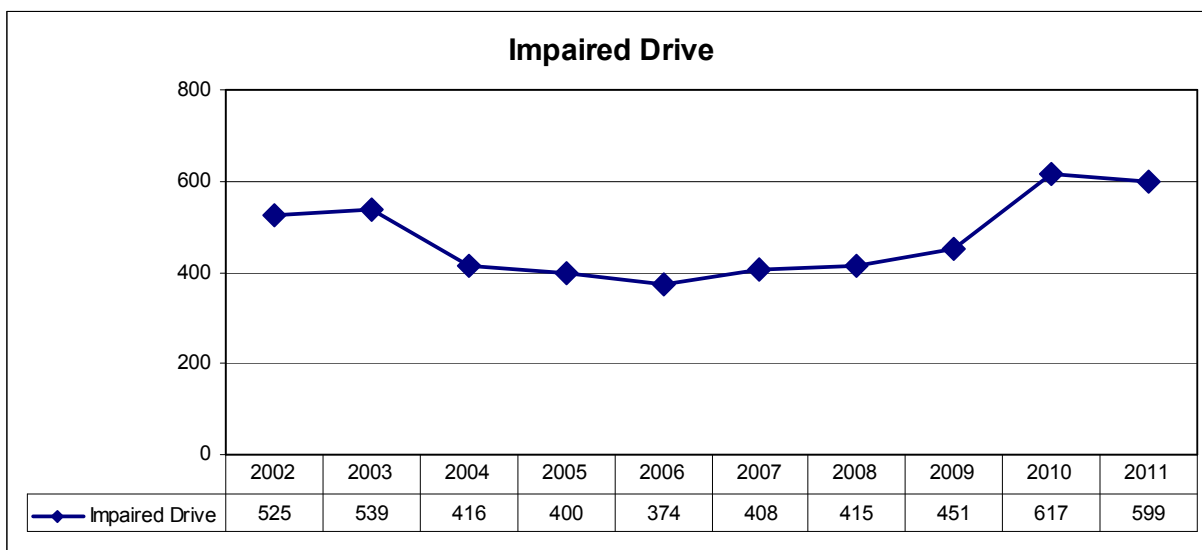

The total number of Traffic Offences<sup>7</sup> recorded under either the Criminal Code or Highway Traffic Act (HTA) increased by 1% from 2010 and by 65.1% from 2002. Previous to 2009, reports of unexplained vehicular damage were recorded under the Criminal Code offence 'Failure to Stop or Remain' (hit and run). Following a best practices review and consultation with SGI, such reports are no longer classified as a hit and run unless evidence exists of intent to flee the scene of a vehicular collision by an offending party. Instead, most of these reports now fall under the HTA offence 'Fail to Report MVA/Property Damage.'

The number of Impaired Drive occurrences decreased by 2.9% from 2010. However, there were 14.1% more than in 2002. The higher number of Impaired Drive occurrence can partially be attributed to increased enforcement efforts and partnerships between the Regina Police Service and SGI, such as the Enforcement Overdrive and Report Impaired Drivers (RID) programs.

<sup>7</sup> Criminal Code Traffic Offences include: Impaired Driving, Dangerous Operation, Failure to Stop or Remain, Driving While Prohibited, and Street Racing. HTA Offences include: Fail to Report Damage, Drive without Due Care & Attention, and Drive While Disqualified/Suspended.

The number of Traffic Tickets<sup>8</sup> issued in 2011 was the highest in the past ten years. There were 7.6% more than in 2010 and 45.0% more than in 2002.

### Calls for Service

There were 1.6% more Calls for Service than in 2010 and 7.6% more than in 2002. This increase over the past ten years is in large part due to an increase in Court Orders, a call type utilized when officers conduct curfew checks.

Alarm Calls decreased by 10.7% from 2010, continuing the annual reductions that have occurred since the Regina False Alarm Bylaw went into force in 2005.

<sup>8</sup> The category Tickets Issued includes Red Light Traffic Tickets but excludes Inspection Tickets and 24 Hour, 30 Day, and 90 Day Suspensions.

### Population

According to Statistics Canada's 2011 Canadian Census, the city of Regina's population was 192,756 in 2011, an increase of 7.5% since the 2006 Census and 8.2% since the 2001 Census. Population counts factor into the calculations of the Crime Rate and Crime Severity Index, both of which are released by the Canadian Centre for Justice Statistics in July.

Re: Consideration of Meeting Dates and Times for 2013

---

RECOMMENDATION

1. That the 2013 meetings of the Crime Prevention Advisory Committee be held at 12:15 p.m. on the following dates:

January 21 (previously approved)	September 16
March 25	December 9
May 27	
2. For 2014, the first meeting of the Crime Prevention Advisory Committee be held on Monday, January 20 at 12:15 p.m.

CONCLUSION

The Committee should review the information contained within this report and confirm the proposed meeting dates for 2013.

BACKGROUND

City Council, at its meeting held on November 19, 2012, approved the meeting schedule for regular Council and Executive Committee meetings for 2013. A calendar which lists approved meeting dates for City Council and the Executive Committee is attached as Appendix "A". Their schedule is set each year in accordance with the provisions of *The Procedure Bylaw, 9004*. Committees of City Council are then asked to establish regular meeting dates and times. The purpose of this report is to facilitate the establishment of 2013 regular meeting dates for the Crime Prevention Advisory Committee.

DISCUSSION

The Crime Prevention Advisory Committee should establish its regular meeting schedule for 2013, with the dates selected:

- to allow timely submission of reports to City Council or other committees
- to avoid conflict with other scheduled meetings, such as the Executive Committee
- to fit the schedules of Committee members.

Based on the above and a review of the regular meeting dates of the Crime Prevention Advisory Committee held last year, it is proposed that regular meetings for 2013 be held on the following dates at 12:15 p.m.:

January 21 (previously approved)	March 25
May 27	September 16
December 9	

It is also proposed that the Crime Prevention Advisory Committee select a date for its first meeting in January 2014. Based on this year's meeting schedule, it is proposed the committee hold its first meeting of 2014 on Monday, January 20 at 12:15 p.m.

Re: Committee Structure Review

---

### **RECOMMENDATION OF THE EXECUTIVE COMMITTEE - NOVEMBER 14, 2012**

That the Office of the City Clerk, under the direction of the Deputy City Clerk, be directed to complete a Committee Structure Review in 2013.

#### *EXECUTIVE COMMITTEE – NOVEMBER 14, 2012*

The Committee adopted a resolution to concur in the recommendation contained in the report.

Councillors: Sharron Bryce, John Findura, Jerry Flegel, Shawn Fraser, Bob Hawkins, Terry Hincks, Wade Murray, Mike O'Donnell and Barbara Young were present during consideration of this report by the Executive Committee.

The Executive Committee, at its meeting held on November 14, 2012, considered the following report from the City Clerk:

#### RECOMMENDATION

That the Office of the City Clerk, under the direction of the Deputy City Clerk, be directed to complete a Committee Structure Review in 2013.

#### CONCLUSION

Subsection 35 of City Council's Procedure Bylaw 9004 and the Committee Bylaw 2009-40 provides for the Executive Committee to facilitate a review of Council's Committee Structure in the year following each General Election. Options are provided in the report for conducting the review.

#### BACKGROUND

The last substantive review of the Committee Structure for conducting city business was done in 2009. At that time, an external consultant was engaged to conduct a comprehensive review of Council's structure and significant changes were made based on this advice. In addition, evaluation techniques were developed that has led to further changes in the structure throughout the last three years.

The delegated authority for the main committees of Council were changed to allow them to make decisions on behalf of City Council related to their assigned mandates and to have advisory committees report to Council through the main committees. The objective of the changes was to delegate City Council authority for dealing with general matters to the Administration and main committees and to have the main committees consider public input on matters that were delegated to the committee or prior to making recommendations to City Council for the disposition of matters. Further, all advisory committees were required to develop a work plan that supports Council's direction in the area of strategy, policy and major projects.

Over the years additions, deletions and changes to the structure, terms of reference and delegated authorities of the committees have been made as required.

Each year in November, the City Clerk facilitates a process for making appointments to boards, commissions and committees for the following year. The reports provided to the Executive Committee on appointments often include recommendations from the Administration or the committees of Council on changes to the structure, terms of reference or delegated authority for committees.

The current City Council Committee Structure (as referenced in the Boards, Commissions and Committees Book published annually by the City Clerk's Office) includes the following committees for conducting city business:

Main Committees (6)

Emergency Measures Committee  
Executive Committee  
Community & Protective Services Committee  
Finance and Administration Committee  
Public Works Committee  
Regina Planning Commission

Quasi-Judicial Committees (3)

Board of Revision  
Development Appeals Board  
Regina Appeals Board

Advisory Committees (9)

Accessibility Advisory Committee  
Arts Advisory Committee  
Community Leaders' Advisory Committee  
Community Services Advisory Committee  
Crime Prevention Advisory Committee  
Environment Advisory Committee  
Municipal Heritage Advisory Committee  
School Boards/City Council Liaison Committee  
Youth Advisory Committee

City Council annually appoints members of Council and/or the Administration to an additional 27 committees in the community. The review of the Council Committee Structure will focus on the above committees created by City Council for conducting City business along with the Regina Downtown and Regina's Warehouse Business Improvement Districts, Regina Regional Opportunities Commission and the Regina Exhibition Association Limited. Administrative support to these committees is provided for by a combination of staff from the City Clerk's office and relevant operating divisions. Arms length Boards are supported by their own administrative staff.

The purpose of this report is to provide options to the Executive Committee for reviewing the Council Committee Structure as provided in under Subsection 35 of City Council's Procedure Bylaw No. 9004 and the Committee Bylaw 2009-40.

## DISCUSSION

The annual reports from advisory committees and the annual report from the City Clerk on appointments as well as any amendments that may be raised in reports from the main committees to Council provide for an ongoing fine tuning of the Committee Structure for doing city business. The intent of the Committee Structure review in the year following each general election is to provide an opportunity to review the Committee Structure from an overall perspective to assess its effectiveness in conducting city business.

As noted above, at the present time there are 18 Council committees for conducting city business. Management and support for this many committees becomes costly. From past surveys of other cities of a similar size it has been found that Regina has improved, however in general has more ongoing committees than other cities. It is beneficial to review the Committee Structure to assess its effectiveness and to identify whether or not there may be other more effective options for promoting public engagement in conducting city business.

The following options have been identified for the Executive Committee to consider related to conducting a Committee Structure Review.

### Option 1 - Recommended

Direct the City Clerk's Office to undertake a review of the Committee Structure and to provide a report with recommendations to the Executive Committee for consideration. The review would include the following elements:

- Conduct a survey of other cities of similar size to determine the following:
  - the number and types of committees being used by other cities for public engagement
  - whether or not limited terms, sunset mandates for committees or other approaches are being used as a method for managing the Council Committee Structure
  - Other methods being used for public engagement
- Interview members of Council
- Interview/survey the Administration
- Interview/survey Committee members

This approach will assess and compare what is being done for public engagement by other cities, seek input from the members of Council, the Administration and the Committee members on opportunities for improving the Committee Structure and public engagement practices for the City of Regina.

This approach is similar to the way in which previous Committee Structure Reviews have been conducted in past years. The disadvantage of this approach is staff would need to be reassigned to the project potentially causing a resource shortage in other areas of Council support.

## Option 2

Engage a consultant to work with the City Manager and City Clerk to conduct the review of the Regina Committee Structure and to prepare a report with recommendations on opportunities for improving the structure and how the City manages public engagement. The review would include the following elements:

- Conduct a survey of other cities of similar size to determine the following:
  - the number and types of committees being used by other cities for public engagement
  - whether or not limited terms, sunset mandates for committees or other approaches are being used as a method for managing the Council Committee Structure
  - Other approaches being used for public engagement
- Interview members of Council
- Interview/survey the Administration
- Interview/survey Committee members

The advantage of this approach is that the engagement of a consultant with experience in the area of municipal governance models would contribute to frank and objective advice for the City of Regina on opportunities for improving the effectiveness of the Committee Structure and public engagement.

As a substantive review was recently conducted in 2009, it is anticipated that any recommended changes will be relatively minimal. As such, incurring up to \$50,000 in consultant fees is not seen as a prudent use of resources.

## Option 3

Recommend City Council that a Committee Structure Review not be done and that the Procedure and Committee Bylaw be amended to delete the requirement for periodic reviews of the Committee Structure.

This approach would result in the City of Regina relying on information provided in the annual advisory committee reports and other reports that may be brought forward from time to time to propose changes to the Council Committee Structure. This does not provide for a holistic review of the governance model for the City of Regina or whether it is effectively working in providing for public engagement.

## RECOMMENDATION IMPLICATIONS

### **Financial Implications**

- |             |  |
|-------------|--|
| Options 1 - | Would be conducted by city staff and would not have an impact on the budget, aside from lost opportunity costs associated with staff from the Clerk's office being re-assigned from regular duties or other projects.                          |
| Option 2 -  | It is estimated that the engagement of a consultant to undertake the Committee Structure Review would cost between \$25,000 and \$50,000. If this option is selected a consultant will be engaged before the end of the year using 2012 funds. |
| Option 3 -  | No cost.   |

### **Environmental Implications**

None with respect to this report.

### **Strategic Implications**

We must operate effectively and efficiently, and adopt a culture of continuous improvement. Ensuring organizational capacity and effectiveness is a very clear priority of the City of Regina. Regular reviews of the committee structure supports good governance and potentially streamlines processes and create accountability in clear terms of reference, and offers measures to evaluate effectiveness annually.

### **Accessibility Implications**

None with respect to this report.

### **Other Implications**

None with respect to this report.

### **COMMUNICATION PLAN**

None for this report.

### **DELEGATED AUTHORITY**

The disposition of this report requires City Council approval.

Respectfully submitted,

EXECUTIVE COMMITTEE
