Subject: New Building Bylaw EX23-60

Dear City Council,

The Regina & Region Home Builders' Association supports the creation of a new Building Bylaw as described in Appendix "A" of the City Administrations report.

We appreciate the collaborative approach, Deb Byrden's team has taken in aligning the proposed New Bylaw with City practices and The Construction Code Act. Better clarity is always better.

We must highlight the work of Kelton Comrie, Manager of Building Standards and his team, who always take the time to consult and engage with our Association and industry when addressing City policy changes that will impact how we deliver new housing in the City of Regina.

We encourage City Council to support the City Administration recommendations.

Thank You,
