**Re: Request to present to Council for Agenda item MN21-2**

Please accept this letter as notice that I would like to make a presentation to City Council at it's March 31<sup>st</sup>, 2021 meeting regarding the above mentioned agenda item MN21-2 for the proposed increase recreation and and leisure activities for persons with disability.

The subject matter I wish to discuss is to support the motion and to offer our insight into the administration of these types of programs from a transportation perspective from past experience, with the view to participate in discussions with the Administration in how the Taxi Industry can assist and augment the City's Transit and Paratransit system in these programs.

Please advise if you require any further information.

Thank you,

James Archibald
