

Public Consultation Summary

Response	Number of Responses	Issues Identified
<i>Completely opposed</i>		-
<i>Accept if many features were different</i>		-
<i>Accept if one or more features were different</i>	1	- No residential low-rise on Primrose Green Drive as there is already a limited parking on that street.
<i>I support this proposal</i>		-
<i>Other</i>		-

1. Issue: Proposed low-rise residential and limited on street parking on Primrose Green Drive.

Administration's Response:

- The proposed RL Zone on Primrose Green Drive is consistent with the Towns Concept Plan and consistent with the pattern of development along the north side of Blocks 2 and 3.
- In this situation vehicle access to Block 3 is required from the lane which will provide on-street parking opportunity on the north side of Primrose Green Drive in front of the properties on Block 3
- In addition, the resulting developments on Block 3 will be required to meet the minimum off street parking requirements of the Zoning Bylaw
