3 The intention as resolved by City Council pursuant to CM13-14 is that tax mitigation for the properties identified as being located beyond the City's 300,000 growth plan should include an assessment exemption that will keep their property tax levels equal to what they would have paid in the RM for a period up to fifteen years following boundary alteration. The exemption amount applied in the first year (2014) will serve as the base for taxation in years two to five (2015-2018). A similar exemption would continue to be recommended on an annual basis for up to 15 years following the boundary alteration (2028). Eligibility for any exemption will expire either over the suggested time frame, when development occurs on a particular property or otherwise at the annual discretion of City Council.
