City of Regina, City Councilors

Dear City of Regina, City Councilors: RE: Proposed By-law

I am writing this email in opposition to the proposed by-law that would limit gyms, recreation facilities etc, in industrial zoned areas. This proposed by-law has the potential to impact my entire family of 4, as we all participate and support LOCAL owned recreational businesses and not for profit recreational facilities that exist in these areas.

Three of the four establishments my family supports on a daily basis would not exist if this bylaw had been in effect 2 years ago (Regina Climbing Centre, Queen City Gymnastics, and CrossFit Iron Society). These establishments support the physical and mental health of my family, and also support local business owners.

In a time of rising healthcare costs and increased emphasis on the importance of physical activity in promoting mental health, it does not make sense to restrict affordable lease options for recreational facilities who require industrial type buildings in order to operate. I do not support this proposed by-law.

Sincerely,

Kelly Tunison
