

## **Appendix C – Other Related Motions**

### **Related Motions**

There are two additional City Council motions related to environmental sustainability that will be addressed in the Energy and Sustainability Framework.

Council Motion *MN18-1* is from the January 29, 2018 meeting of City Council. It stated:

1. The City of Regina monitor the research and trials that are currently underway and will shortly be undertaken with regards to autonomous and connected vehicles.
2. The Administration report back to Regina City Council in the second quarter of 2019 with analysis as to the impacts or potential impacts upon the City of Regina of these type of vehicles and to take into account any impact of a large number of vehicles powered by batteries and the need for charging stations.
3. The Administration give consideration to any advantage the City of Regina may have with being one of the leading edge communities with regards to testing of autonomous vehicles given our varied climate.

Council Motion *MN18-4* is from the April 30, 2018 meeting of City Council. It stated:

1. The Administration investigate the potential of installing solar panels on various City of Regina facilities and analyze the cost benefit of removing select city facilities from the power grid to be self-sustaining, and determine if there is a financial benefit in selling the power that would be generated.
2. The Administration investigate the possibility of installing a large number of solar panels on city owned land with the expressed desire to generate revenue for the City of Regina.
3. The Administration also determine if there are partnerships available regarding the installation of solar panels resulting in revenue generation for the City of Regina, with, but not limited to, SaskPower.
4. The Administration report back to Regina City Council no later than December 2019.
