

ACC13-24

Memo

June 12, 2013

To: Members, Accessibility Advisory Committee

Re: Discussion for joint Learning Tour --- ACC and Vision Impaired Resource Network (VIRN)

The purpose of this communication is to facilitate the discussion on the arrangements for a Learning Tour to a designated community which demonstrates use of Audible Pedestrian Signals, Tactile Markers, a transit announcement system and other mobility modifications to increase access opportunities for persons with disabilities. Any expenses for the tour will be paid by Community Development, Recreation and Parks in the following manner:

- One delegate from the Accessibility Advisory Committee (ACC), one delegate from the Vision Impaired Resource Network (VIRN) and the Coordinator, Community Capacity Building.

A delegation from VIRN will be in attendance to participate in the discussion, in order that the location, date and participants can be determined for the tour.

Bill Ursel
Coordinator, Community Capacity Building
