Re: Wascana Pool Renewal - Playground & Spray Pad Feedback

RECOMMENDATION

That the Accessibility Advisory Committee receive and file this communication.

BACKGROUND

In response to the priorities set out in the Recreation Master Plan (RMP) and the need to replace outdoor pool facilities that have reached their end of life, Council approved the renewal of Wascana Pool as part of the 2019 budget deliberations.

The project reached the construction phase in June of this year and is expected to be open for its first full season in 2023. Incorporated into the design of the wider facility is a renewed playground with the addition of a spray pad adjacent to the pool facility site.

COMMITTEE ENGAGEMENT

The project team seeks perspective and feedback from the Accessibility Advisory Committee on the playground and spray pad information that will be presented during the meeting so that plans can be finalized and construction can proceed on these important facility amenities.
