

Appendix E

Proposal No: 2019-04 **Date:** July 26, 2019

Section(s): PART III (Speed Limits)

Purpose: Update to existing Traffic Bylaw #9900

Existing:	Description	From	To	Limit (km/hr)
	Wascana Parkway	150 m. North of Grant Road	23rd Avenue	70

Proposed:	Description	From	To	Limit (km/hr)
	Wascana Parkway	23 rd Avenue	City Limits	70

Discussion: This location is not consistent with the current Traffic Bylaw #9900. The 70 km/hr speed limit is currently from 150 m north of Grant Road to 23rd Avenue. However, this does not cover the remaining portion of Wascana Parkway from Grant Road to Park Street/City Limits, therefore this road has a speed limit of 50 km/hr. This portion of road is also currently signed at 70 km/hr which is contradicting the Traffic Bylaw #9900.

The proposed change to the bylaw will accurately represent the speed limits of Wascana Parkway and not contradict the Traffic Bylaw #9900.

Enforcement: Speed limits will be enforced through Regina Police Services enforcement procedures.
