

NOTICE OF ENQUIRY

September 17, 2012

City Clerk  
City Hall  
Regina, Saskatchewan

Dear Madam:

Please be advised that I will lodge the following ENQUIRY at the meeting of City Council on Monday, September 17, 2012 and I request the response be forwarded to City Council:

**Re: Current Affordable Housing Policy**

The current policy provides \$10,000 per affordable unit that a qualified group builds and has been static for the past 5-6 years.

Would the Administration provide the following information:

- (1) With the cost of construction in recent years growing, and the average house price climbing, is the \$10,000 per home enough to provide the same incentive it originally did?

Respectfully submitted,

Wade Murray  
Councillor, Ward 6
